The Curious Pastor says:

Well, it hasn't yet gotten to the point where Oldtimers receive "The Face on the Drug-store Floor."

I wish I was a little rock
A "Sitting on a hill";
I'd just do nothing all day long
But just sit still
I wouldn't eat, I wouldn't drink
I wouldn't even wash;
I'd just sit still a thousand years
And rest myself, by gosh.

It's been a long time since anyone predicted the end of the world.

And it's been longer than that since anyone predicted it right—we guess.

Only 179 more days until Christmas.

A bit of filler says that they are opening a fur exhibit at the world's fair.

Just theorizing but we bet that won't go over at all well in Chicago now.

The Fourth of July is right upon us now.

In fact just the sound of the town would seem to indicate that it is already here.

Pops are the first thing you hear in the morning and the last thing at night.

But it's only for a short time and as long as there are none of those pernickety fire-crackers and devil's spitfire, it's okay.

Lamson Denied Special Favors At County Jail

SAN JOSE, July 1.—UP—David A. Lamson, who faces trial August 21 on a charge of murdering his wife, will have no more privileges than the rest of the county jail inmates, Sheriff William J. Emig said today.

Special privileges have been ordered removed, due to resentment of other prisoners who have watched Lamson enjoying food, books, cigarettes and other articles sent him by friends, and frequent visits by relatives and friends.

From now on, the sheriff said, Lamson must eat regular jail food and his relatives must observe the usual visiting days.

The young minor executive of Stanford university told reporters he was ready for his trial and said he was confident he could prove his innocence of charges that he bludgeoned his young and pretty wife, Allene, to death on Memorial day.

"For a long time after I found my wife dead," he said, "I didn't care what happened to me. But now I realize I must clear my name and reputation and devote my life to raising Allene's little daughter."

GUILTY PLEA ENTERED

SAN JOSE, July 1.—Mrs. Eva Saldach, charged with concealing an automobile purchased on a lease contract, pleaded guilty before Superior Judge R. R. Syer. She will have a probation hearing next Friday. Mrs. Saldach is represented by Miss Frances Chargin, only woman lawyer in San Jose.

Misinformation

NOT A WORD TRUE

Announcement was made by the Grace Steamship Lines late yesterday that hereafter their vessels will dock at the Richmond inner harbor.

This will be much more convenient for most travellers, officials of the line said, as it will spare them the ferry trip to San Francisco.

"The majority of those who are making trips by boat come from the inland. It is an added expense and inconvenience for them to cross the bay in addition to the longer journey."

"Those who embark from San Francisco will not be travelling so far and a little ferry trip won't hurt them," the officials declared.

Plans are also under way to move the offices and piers of the Nelson lines to this side also since their central pier, No. 24, was taken away to make room for the Oakland-San Francisco bay bridge.

Byron A. Webster, president of the Nelson company announced last night that the entire arrangements for moving would probably be complete by August.

LOCAL MAN DROPS DEAD ON STREET

ITALIAN FLIERS STAY ON FLIGHT DESPITE MISHAP

Man Dies As Plane Crashes

AMSTERDAM, Holland, July 1.—The Italian air armada, headed for the Atlantic from Italy to Chicago on the greatest mass flight in history, arrived here today, ending the first stage of the journey.

Tragedy marred the arrival of the 24 seaplanes, led by General Italo Balbo, Italian air minister. One of the planes, the I-Dini, capsized in landing on the water at the base five miles from here, and was wrecked, killing one of its crew and injuring three others.

Sergeant Quintavalle, engineer, was trapped in the lower part of the big plane and drowned.

The plane's commander, Capt. Baldini, suffered a concussion of the brain; Lieut. Amelio Novelli received a broken leg and Radioman Demetrio Joria a broken jaw and shoulder.

Leo Landi, an extra man and fifth occupant of the plane, was recovered unhurt.

Despite the mishap, Balbo planned to push on with the remaining planes tomorrow morning for Londonderry, Ireland, the next stop on the flight.

The takeoff was tentatively set for 5 a. m. tomorrow.

After the 630 mile flight to Londonderry, the trans-Atlantic stage via Iceland and Greenland will be started.

The remainder of the journey of approximately 7100 miles will be by way of Reykjavik, Iceland; Cartwright, Labrador; Shediac, New Brunswick; Montreal and Chicago.

The epochal flight of the twenty-four 558-X planes of the Royal Italian air force started from Orbetello, Italy at about 6:00 a. m. today.

The complement consisted of Balbo, 36 year old air leader of Italy and 95 commissioned and non-commissioned air officers.

Four men were in each plane. The squadron had been blessed by the church and exhorted to great endeavor by Premier Benito Mussolini.

The squadron reached its destination outside Amsterdam at 11 p. m.

The I-Dini came down hard and fast, hit with a crash and turned over in the shallow and muddy water and wrecked itself.

Rescuers in small boats and launches swarmed to the scene. A sloop of the Dutch naval training corps arrived first and two of its youthful crew dived alongside the wrecked plane and pulled off the injured survivors, who were clinging to the upturned fuselage.

It isn't Thanksgiving Day, but people who use the United States mails a lot can be thankful today, for yesterday the former two-cent local rate for first-class mail, except postal cards and private post cards, was restored throughout the United States.

The three-cent rate is still applicable to mail sent outside a local district, however, so don't become confused.

If you have a letter written to someone within the city limits of Richmond it will require only two cents.

But, if the letter is for someone residing in El Cerrito or New York it will take three cents postage to have it delivered.

Mermaid

MISS FRANCES FELIN, Germantown, Pa., now registered at the University of California as a zoological research student, caught by a photographer just before taking a submarine stroll.

Roosevelt Puts Thumbs Down on Exchange Plan

LONDON, July 1.—UP—President Roosevelt tonight rejected a proposal for ending recent wide fluctuations in international exchange.

The proposal was understood to provide for cooperation of central banks and governments in steadying the dollar and pound.

The President's rejection was contained in a message to Secretary of State Cordell Hull, head of the United States delegation to the world economic conference.

Simultaneously with announcement of the rejection, the United States delegation made known that Hull would issue a statement Monday elaborating on the United States policy in the monetary field.

The statement will be made informally after a series of talks between Prof. Raymond Moley, special representative of Mr. Roosevelt and representatives of other governments.

President Roosevelt's reply was transmitted to the French and was immediately telephoned to Paris.

Charles Rist, of the Bank of France, told the United Press no action by the French was likely from his conference in Paris with Premier Edouard Daladier.

Locate Missing Girl With Friend

SEATTLE, July 1.—UP—Miss Nancy Upham, 18, who was assertedly missing following her arrival here last night from Vancouver, B. C., was found today staying with friends.

Miss Upham was supposed to have telephoned her mother following her arrival here. When she failed to do so her mother telephoned the Sunset club where her daughter was to have stayed and not finding her there notified police.

Children Abused at Factories

HARRISBURG, Penn., July 1.—UP—Aroused by an industrial slavery in which children, working for 18 cents a day, were physically punished by employers, a legislative committee was prepared today to demand the most stringent labor laws to drive it out.

In the long series of public hearings, at some of which the testimony was dragged from reluctant children who feared retribution by slave driving bosses—the following incidents of cruelty were brought into light:

1.—Wages ranged from 62 cents to \$5 a week for girls who work from 50 to 75 hours a week.

2.—Boys' wages for similar hours have reached \$1.75 a week.

3.—Girls were discharged for refusing the immoral advances of employers.

Last Respects to Be Paid to Matron Monday

Death called yesterday for Mrs. Alena T. Lehan of 1605 Chandler avenue at a local hospital. She had been ill for some time.

She had lived in Richmond for the past 18 years and had spent her whole life in California. She was born in Yon, Nev., Nevada county, 62 years ago.

She leaves her husband, John Lehan of Richmond, three brothers, Will R. Albert and Joseph Sharkey, a sister, Mrs. Elizabeth Henderson, all of Martinez and was also the sister of the late Mrs. Margaret King and Robert Sharkey of Reno, Nevada.

Rev. Michael Crotty of St. Mark's church will recite rosary this evening in the Wilson and Kratzer chapel.

A blessing will be given by Father Crotty at the chapel at 10 o'clock Monday morning. Interment will be in St. Catherine's cemetery.

C. D. Whitcomb Is Much Better

The many friends of Charles D. Whitcomb, West Side pioneer, will be gratified to learn that he is displaying distinct improvement from his recent illness.

He has been confined to bed at the home of his son, Herbert Harrison, Mira Vista, for some time and is now able to be up for a while during the day.

HAMMER FOUND

SHAWANO, Wis.—UP—A hammer used in construction of a pioneer's home here 54 years ago was discovered in the walls of the old log building as it was being razed.

Grass Valley Well Taken Care Of by Two Groups of Employees

GRASS VALLEY, July 1.—The city hall here was manned by two separate sets of employees today, one ordered by the old council to keep working, and the other appointed at a midnight meeting early today by two members of the new council.

John Harris and Matt Lally, the new council members said they held the midnight meeting as a precaution to prevent outgoing employees from claiming an extra month's pay, because of being on the job during the forenoon today.

Normally the councils change

STATE FACES TWO TAXES TO MAKE UP DEFICITS

SACRAMENTO, July 1.—UP—Virtual certainty of a sales tax and possibility of a personal income tax faced California today, as legislators prepared to return to Sacramento July 17 and raise the vast sum of \$121,000,000.

That much new revenue must be raised for two purposes:

1. Assumption by the state of the counties' fixed school charges for the next two years, \$76,000,000.

2. General fund deficit, approximately \$45,000,000.

One thing is reasonably certain, the legislature will enact a sales tax. If a two percent sales tax is approved, \$50,000,000 will be raised during the next two years, according to estimates of the state finance department.

That leaves a \$61,000,000 gap to fill, and that gap represents the big question mark of the July legislative session.

His Poor Man

There are groups in both houses who are expected to advocate an income tax which lays particular stress on higher brackets of incomes.

The sales tax, they assert, is essentially a "poor man's tax." It hits the poor harder, proportionately, than the wealthy.

Consequently, to even up the score, a personal income tax exempting the man of limited means and bearing down on the citizen of moderate or excessive wealth is in order.

(Continued on page 2)

Cannery People Plan Confab to Discuss Prices

SAN FRANCISCO, July 1.—UP—California cannery people plan to meet here next Thursday to study a plan reportedly devised by a special committee to control prices, wages and the size of the 1933 pack.

If a plan is accepted it will be sent to Washington for approval and canneries and growers will adhere to it during the 1933 season in an attempt to bring the peach industry back to normal.

Stabilized prices and wages and a definite stipulation as to the size of the pack, were considered essential to success of the industry.

Peter Potts Is Slightly Hurt

Peter Potts of 557 Sixth street sustained a minor laceration over one eye in an automobile collision at Seventh street near Barrett avenue last evening.

He was a passenger in a car driven by George C. Kearney of 732 Ninth street when it collided with a parked car.

The latter machine was registered to Miss Caroline Davidson of 202 Buena Vista avenue. Both cars received slight damage.

Grass Valley Well Taken Care Of by Two Groups of Employees

GRASS VALLEY, July 1.—The city hall here was manned by two separate sets of employees today, one ordered by the old council to keep working, and the other appointed at a midnight meeting early today by two members of the new council.

John Harris and Matt Lally, the new council members said they held the midnight meeting as a precaution to prevent outgoing employees from claiming an extra month's pay, because of being on the job during the forenoon today.

New Forecasting

BY CALCULATING differences in temperature, moisture content and atmospheric pressure of air masses, Irving Krick, above, left, W. A. E. meteorologist and Dr. Theodore von Karman, director of the airship institute at Akron, compute what weather conditions will be 48 hours in advance.

Doctors throughout a commonwealth suddenly became an oasis after 17 years of aridity developed writer's cramp as they bent above prescription forms to minister to the hundreds of "patients" who felt that only whisky could cure their ailments.

Colorado Doctors Break Arms Trying To Quench Thirsts

DENVER, Colo., July 1.—UP—Fourteen years ago today the nation woke to national prohibition. Today Colorado celebrated joyously the return of hard liquor in almost unlimited quantities and the coming of 32 per cent wine and a crop of epidemic of illness of every kind struck the state.

Oh, Doctor!

Doctors throughout a commonwealth suddenly became an oasis after 17 years of aridity developed writer's cramp as they bent above prescription forms to minister to the hundreds of "patients" who felt that only whisky could cure their ailments.

Restaurants, clubs, even pool halls, did a rushing business in the 32 wine as Colorado turned its back upon beer, became fairly common in recent months, for a taste of the new beverage.

And Real Stuff Too

In Denver alone, three carloads of medicinal whisky, red bonded liquor, had been distributed to drug stores to await the great moment, 12:01 a. m. today, when the state liquor laws became inoperative, having been repealed at the last election.

In other cities over the state, at least a dozen more carloads were ready.

All Out At Dark

When dusk fell, many druggists reported their supplies exhausted. Wholesale distributors rushed deliveries, and the sales went on. Bootleggers looked on forlornly as physicians and druggists took over their duties. Men walked unafraid from drug stores carrying carefully wrapped bottles, and smiled at policeman on the corners.

It was no trick to obtain any amount of whisky from one pint to a case.

You didn't even need a cough or a sniffle to win the doctor's nod. "Doctor," the "patient" would say, "I have a cold and tell take."

(Continued on page 2)

Rahwylers And Boy On Vacation

Mr. and Mrs. Richard Rahwyler and small daughter, Eunice, are enjoying an outing at the Russian river. They are accompanied by Paul Maerklin, son of Mr. and Mrs. Albert Maerklin of 625 Thirty-ninth street.

Mr. and Mrs. Rahwyler are active in local veterans circles.

PIONEER OF RICHMOND IS STRICKEN SUDDENLY

The sudden death early last evening of Frank A. Moitoza, of 268 Twelfth street, pioneer realtor of this city, will come as a distinct shock to his many friends and acquaintances in all sections of the county.

Moitoza was talking with a friend about 6 o'clock last evening, when he suddenly suffered an attack of the heart, and expired almost instantly.

The funeral will be held Wednesday morning at 10 o'clock from the Richmond Funeral parlors, 332 Eleventh street. Interment at Sunset View cemetery.

The Woodmen of the World funeral service will be observed, both at the funeral parlors and at the grave.

Deceased a native of San Pablo, was raised in that town, and received his education there. His whole life was spent in this county. He was born in 1878 and at the time of his death was 55 years of age.

Saw City Grow

His early life was spent on the well known Moitoza homestead, at San Pablo and when he reached manhood, came to Richmond, in the days when it had a population of about 600.

When Richmond was cut off from San Pablo township and made a separate township, Moitoza was appointed as the first constable here, and served for a number of years in that capacity, making an enviable record for himself.

Relief Worker

During the earthquake period in 1906, when Richmond was the scene of many refugees from San Francisco, deceased was in charge of the work in seeing that they were properly provided for.

Later he entered the employ of the Santa Fe, as a special agent, his particular duty being to watch for bunco steers who were in the habit of playing the trains between Richmond and Los Angeles, and separating soldiers from their money.

Opened Office

Sixteen years ago he came to this side of the city, and opened realty offices at 268 Twelfth street, which he maintained since.

Deceased bore an enviable reputation for integrity, and was held in the highest esteem by all.

He was the son of the late Mr. and Mrs. Joseph Garcia Moitoza, pioneer settlers of the San Pablo valley.

Survivors

Leaving to survive him is a widow, Mrs. Elizabeth Moitoza, of Richmond, two brothers, John E. Moitoza of Martinez and M. M. Moitoza of San Pablo, and a sister, Mrs. Mary Regan of San Pablo.

Deceased was also the brother of the late Anthony and Joseph Moitoza, both of San Francisco.

For years deceased was a member of L. V. Cabin camp No. 637, Woodmen of the World.

NOTED CLERIC DIES

VALLEY FORGE, Pa., July 1.—The Rev. Dr. W. Herbert Burk, 66, founder and rector of Washington Memorial Chapel, died last night.

WEATHER

SAN FRANCISCO BAY REGION — Fair and mild with fog Sunday and Monday; fresh westerly winds.

NORTHERN CALIFORNIA — Fair Sunday and Monday, but overcast with fog on the coast; normal temperatures; fresh north west wind off shore.

Boston Braves Beaten by Reds

BOSTON, July 1.—UP—The Cincinnati Reds nosed out the Boston Braves 6 to 5 today, and broke the latter's five game winning streak.

Both teams took the lead at intervals. The game was deadlocked for the second time in the seventh inning.

The Reds tallied twice in their half of the tenth inning.

With one away in the Braves' half of the same inning, Wally Berger connected for his 15th home run of the season.

Two singles followed the circuit smash, and Ben Froy, who had pitched from the start for the Reds was taken out for Larry Benton.

The latter retired the side and was credited with the victory.

The Braves garnered 11 hits, less than the Reds made off of Walter Betts, Tom Zachary, Starr, and Frankhouse.

Berlinger Wins Decathlon Flag

CHICAGO, July 1.—UP—Barney Berlinger, husky all-around athlete, won the decathlon championship of the Amateur Athletic Union today, rolling up a point total of 7597.19.

Berlinger, representing the Pennsylvania Athletic Club, had little opposition and won the all-around title with little effort.

Richard Baldry, of the Texas Neighborhood A. C., was second with 7491.4 points.

SUSPECT IS ARRANGED

SANTA CRUZ, July 1.—Harry Johnson, Boulder Creek watchmaker charged with the murder of Larry Newell, itinerant, at a river bank camp at Boulder Creek a month ago, was arraigned yesterday in Superior Court. Time for his plea was set for July 14.

Monday's Entries

FIRST RACE—5:16 Mile:

ROSCOE TURNER WINS AIR RACE ACROSS NATION

MUNICIPAL AIRPORT LOS ANGELES, July 1.—UP—Col. Roscoe Turner, nebraskan aviator, today won the \$10,000 Bendix prize from New York to Los Angeles, outlasting the event of the national air races in progress here.

Turner put his small, War Department biplane, plane down at 12:20 a.m., just 11 hours and 30 minutes after leaving Floyd Bennett field in New York, bettering the record of 12 hours, 27 minutes, he established in the autumn of 1932. His average speed was 117.7 miles an hour.

Turner's flying a similar plane to Turner's was second. He crossed the finish line at 1:48 p.m., 12 hours and one minute out of New York. White's time bettered the previous record, it was 20 minutes behind the new mark set by Turner today. He won \$2050 prize money.

White is the designer of the planes which successfully carried him and Turner in their record-breaking flights.

Owing to accident at Indianapolis, the only other possible prize winners in the Bendix purse were Amelia Earhart, Putnam, America's premier woman pilot, and Ruth Nichols.

Miss Earhart, forced down at Wichita, Kansas, still had a chance at the \$2500 prize for women. Miss Nichols, according to last word received here, intends to take off from New York tomorrow in an attempt to better Miss Earhart's time.

Women pilots were eligible to take Bendix prize trophies but the rules of the race called for planes to finish the same day the race officially started. Accordingly, Miss Earhart and Miss Nichols were automatically eliminated from participation in the race-for-all event.

Turner smiled broadly and fingered his waxed mustache as he stepped from his plane and made a bow to the crowd after landing.

"I certainly am happy now," he said. "I'm sorry to hear that the other boys cracked up in Indianapolis," he added when told of the accidents which befall three other entrants.

KLING HOMES AGAIN

PHILADELPHIA, July 1.—UP—Chuck Kling, with his 16th home run of the season and a double and single led the Phillies to a 13 to 8 victory over the Pittsburgh Pirates in the first game of a double header today.

2 Texas Youths Grab Net Title

OKLAHOMA CITY, July 1.—UP—Two Austin, Texas, youths, Bobby Kanarr and Edgar Welch, today won the state junior doubles tennis title.

They defeated Fred Renker and R. E. Lee of Topeka, Kansas, 6-4, 6-4, in the first match in this division at the 25th annual Oklahoma state tennis tournament.

No Nature Faking

LAWS of nature were flouted by the matrimony of "Queen," purebred German police dog owned by C. H. Thomas, of Salt Lake City. Queen recently gave birth to a fine litter of 11 pups, 10 of the pups were sired by her remaining offspring for a short time and returned bearing a stray kitten in her mouth.

Giants Defeat the Cardinals

NEW YORK, July 1.—UP—The Giants, in seven games played this season with the New York Cardinals, the St. Louis Cardinals, suffered their first setback by losing today's game 11 to 1. The victory widened the margin between the league leading Cardinals and the second place Giants to three and one-half games.

The Giants found Bill Walker, their former team-mate, and Sylvester Johnson for a total of 17 hits, including a home run by Davis with two aboard during a five-run rally in the sixth.

Baseball Dope

National League

FIRST GAME:
Pittsburgh, 13 to 10, St. Louis.
Philadelphia, 13 to 10, St. Louis.
Cincinnati, 13 to 10, St. Louis.

St. Louis, 13 to 10, St. Louis.

SECOND GAME:
Pittsburgh, 13 to 10, St. Louis.
Philadelphia, 13 to 10, St. Louis.
Cincinnati, 13 to 10, St. Louis.
Chicago, 13 to 10, St. Louis.
St. Louis, 13 to 10, St. Louis.

BEAR ROWERS NOT FAVORED TO WIN RACE

SAN FRANCISCO, July 1.—UP—The University of California's crew team, which sailed tonight on Long Beach to participate in the inter-collegiate regatta July 2 and 3.

Although the California crew has shown considerable improvement since it was defeated overwhelmingly by Washington this season, it was given only an outside chance to threaten the Bruins, Yale, Harvard and Cornell in the Long Beach regatta.

The only 1932 Olympic champion crewman left to the Bears is Charles Chandler. The others on the crew are comparatively inexperienced.

Ken Narey, stroke, and Harper Thompson, No. 2, have not rowed in competition, and Ward Klink, now man, has competed with freshmen crews only. Coxswain Regg Watts will get his first experience at the ropes in a varsity race.

Howard Lackey, Harry Jones, Nathan Rubin and Joe Demeter rowed with the varsity or junior crews this year.

Speaking Of Sports

ST. LOUIS, July 1.—UP—Davis, donor of the Davis Cup, international tennis trophy, believes the American team has an excellent chance of winning the cup from France this year.

Davis returned recently from the East, where as a member of the selection committee he looked over players for the team. He declared he was "very well pleased" with the outlook.

The team is composed of Ellsworth Vines and Wilmer Allison in the singles and George Lott and John Van Ryn in the doubles.

"I firmly believe that there will be a decided improvement in playing conditions when the final round takes place this year," Davis said. "Our players will have the advantage of another year's experience. They will, of course, have to win the inter-zone final before opposing France in the challenge round."

The United States team probably will meet Great Britain, Japan or Australia in the inter-zone final matches to be played July 21, 22 and 23, Davis said.

If the Americans bring back the Davis Cup it would mean a return of tournament conditions to normal in this country, Davis believes. Many early tournaments would be brought to the United States.

RACE RESULTS AT EL CERRITO

Underdog Wins Golfing Crown

BUFFALO COUNTRY CLUB, WILLIAMSVILLE, N. Y., July 1.—UP—Walter Emery, a tall, lean youth from the University of Oklahoma who was accorded little chance in the pre-tournament, won the 1933 inter-collegiate golf championship today when he defeated Rodney Bliss of Cornell, 2 and 1, in the 36 hole final match.

Emery played the same consistent golf that marked his play throughout the tournament to defeat the Cornell star. Bliss, who defeated Johnny Goodman, National Open King, for the Nebraska amateur championship last year, was rated a slight favorite.

Monday's Selections

FIRST: Affon Dell, Queen Iris, Jack Parks.

SECOND: Davey Pitts, Packy McFarland, Driving Jerry.

THIRD: Freda Pass, Traffic Dick, Lucky Major.

FOURTH: Paddy Move On, Debit Dash, Nefandus.

FIFTH: Black Rover, Cloudy Final, Glorious Yale.

SIXTH: Classy Widow, Tom Duff, Front Page.

SEVENTH: Cash Up, Mischief Man, Indian Warrior.

EIGHTH: Deck Captain, Hidden Hate, Stuck Tight.

NINTH: Demo, Ascot Deer, Skinny Buck.

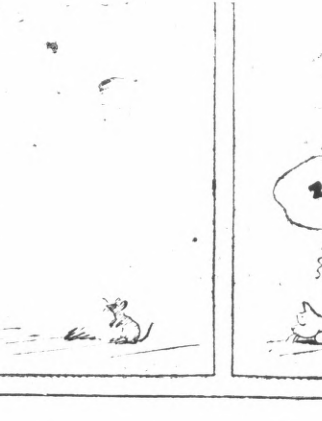

TENTH: Stepping Jack, Gus Piper, Doc Jones.

ELEVENTH: Yale Bub, Speedy Victor, Polka Dot Bill.

Bride-to-be of Clyde Bumgarner Is Given Fete

Honoring Miss Lolita Pritchard of Alameda, fiancée of Clyde Bumgarner of Richmond, Miss Mabel Thompson was hostess for a kitchen shower at her Alameda home a few evenings ago.

The guests included: Mesdames Audrey Pritchard and Marie Hall; Misses Bernice Larson, Lillian Mashburn, Zola Talmer, Nadine Brown, Mildred du Bose, Maxine Lahr, Lois Lax, Thelma Thompson, Jean du Bose, Florence Jones, Clyde Lane and Naomi Schwinn.

The marriage of the young couple will be an event of the early winter although the date has not been set.

Miss Pritchard attended the University of California where she was an active member of the Masonic club. Bumgarner, son of a local physician, graduated from the University of San Francisco and is now working in Crockett.

Mama!

MRS. Bing Crosby, formerly Miss Dixie Lee of the movies, who is the mother of a son born Tuesday night in Hollywood.

Eight Guests Honor Master Bob Russell

Bobbie Russell, son of Mr. and Mrs. Gerald Russell of the Cutting boulevard district, entertained eight of his little friends at a party recently.

The affair was in honor of Bobbie's eighth birthday and the host received many attractive gifts.

After an afternoon of games Mrs. Russell served delicious goodies to the little people.

TRAIN SERVED 85 YEARS

FALL RIVER, Mass.—UP—The "steamboat express" train between Fall River and Boston has completed 85 years of continuous service.

National B.P.W. Will Meet In Chicago Soon

The biennial convention of the National Federation of Business and Professional Women's clubs will be held July 9-13 in Chicago.

The first two days will be devoted to a series of occupational round tables which will be conducted by experts in the various fields.

May Pickford has been named as guest of honor on aviation and Judith Waller on radio.

Florence L. Allen of Ohio, the only woman supreme court justice in the world, will address the convention on Public Relations day.

An international relations luncheon will be held on Thursday with Jane Adams, Lena Modesta Phillips and Dorothy Boncker as speakers.

Personals

August L. Barnes of Hawthorne Nevada, and Miss W. Jean MacKinnon, of 25 Norwell street, El Cerrito, filed notice of intention to wed in Martinez yesterday.

Charles Coradino and Howard F. Knight, both of the West Side, left for Reno yesterday. They will be gone a week.

Leo Marcollo and Duke Evans are vacationing for two weeks in the Klamath river section, Humboldt county. They are accompanied by Jack Armstrong of Astoria.

H. P. Lesky of 324 Twenty-first street is leaving today to join his family in the Russian river district for a month's vacation.

Mr. and Mrs. Norman Doyle and children, Billy and Norma, are to spend six weeks at their summer home at Rio Nido.

Mrs. L. N. Gill and son, Philip Clay of 621 Thirty-first street are to visit with Mr. and Mrs. L. Schofield of El Segundo for two weeks.

Mr. and Mrs. D. Arnold of Richmond and Miss Elva Armstrong of Martinez are motoring up the Mendocino coast.

Mrs. A. Sedlarik of 124 South Sixteenth street leaves today for a trip to the east and a visit to the World's Fair.

Mr. and Mrs. Carl R. Alexander of 3826 Clinton avenue are entertaining Alexander's brother and sister-in-law, Mr. and Mrs. Donald R. Alexander, and daughter, Virginia of Kansas City.

Dr. and Mrs. G. A. Boehmer are spending the weekend in Santa Cruz.

Mrs. Bessie Eggerth is vacationing with friends in Guerneville.

Mr. and Mrs. W. D. Wood of 325 Bissell avenue and their three children, Marian, Martha and Warren, Jr., are on their way to Ocean Park for a week.

Mr. and Mrs. J. E. Hill and Mrs. Nora Glover have returned from Los Angeles.

Nathaniel Damon, 22, of 208 South Thirteenth street, Richmond, and Beverly F. Keenan, 15, of 3607 Market street, San Francisco, filed a marriage license application in Martinez yesterday.

Friends of Mr. and Mrs. R. J. Georges of 2429 Foothill avenue, Richmond, are congratulating them on the arrival of a son, Robert Franklin. The child weighed 7½ pounds was born Thursday in San Francisco.

Japan Host to U. S.

ADMIRAL MONTGOMERY TAYLOR, commander in chief of the U. S. Asiatic Fleet, as he called on Admiral Osumi (right) Japan's Minister of the Navy.

Love-Killer of Policeman Wins Parole Freedom

DENVER, Colo., July 1.—UP—A woman who nearly six years ago killed for love, was granted executive clemency today by Governor Edwin C. Johnson.

Keeping step with his policy of granting clemency on every national holiday, Governor Johnson commuted the life sentence of Frances King to a term of 25 years to life. The commutation will allow her release from the penitentiary, on parole, within the next 18 months, the governor said.

Miss King shot and killed Patrolman Robert K. Evans, a patient

under her care at a Denver hospital, November 28, 1928. She killed him in a "love mania," after she recognized the man as a former lover who had discarded her.

At the time he was killed Evans was convalescing from wounds received in a gun fight while he was attempting to make an arrest. Miss King was called as his nurse and when she was unable to revive the old spark of love, shot and killed the patrolman as he lay on a cot in the hospital. She then turned the gun on herself in a futile attempt at suicide.

Mrs. A. Peterson, mother of John L. Peterson of 3615 Solano avenue arrived Friday night at the home of her son, after an extended stay in Los Angeles.

High Prices, Short Crops Rule In County Asparagus District

ANTIOCH, July 1.—With prices rising steadily because of shortage, growers and shippers were preparing today to bring operations on the asparagus crop in this district to a close.

While size and quality of the grass compares favorably with last year, production has not been as large, and officials on one concern reported that they were unable to obtain enough asparagus from a 1500-acre delta plot to maintain operations in time with the demand.

J. L. Dempsey, superintendent of a Pittsburg plant, estimated that the crop is approximately 40 percent below 1932, and the price of canned asparagus, which has jumped about 25 percent during the past few weeks is expected to increase still further.

More than 200 persons were given employment at a local cannery and much of the crop was diverted here following the burning of a major shed in that district several weeks ago.

A total of 343 cars of green grass was shipped from Antioch during the season, as against 273 last year, while at Oakley 109 cars were shipped. During 1932 Oakley shipped more than 270 carloads.

Unfavorable winter weather, which froze roots of the plants was blamed for marked curtailment of production resulting in increased demand and prices.

DAMAGE SUIT FILED

SAN JOSE, July 1.—Sut for \$10,000 damages for injuries received in an auto crash June 11 at Palo Alto was on file in Superior Court today with E. A. Turley as plaintiff against E. E. Stander. Turley alleges that he was a passenger in an auto struck by another car driven by Stander. A broken right arm and other injuries were sustained by Turley in the crash, according to his complaint.

CHILD DENIED

MARTINEZ, July 1.—Denying maternity of a child, Guy F. Potts today filed a cross complaint in Superior Court here in which he seeks a decree of divorce, Mrs. Katherine Potts, who brought the first divorce action, charged cruelty. The couple separated May 1, according to the complaint.

MISSIONARY TO SPEAK

CROCKETT, July 1.—Missoo Pai, Korean missionary, who will sail Thursday for Korea, will be the speaker Sunday night at the services of the Crockett Community Church, according to the Rev. Rudolph Caughey, pastor. Pai has just completed a course of training at the Presbyterian Theological Seminary in Chicago. He will discuss conditions in his native land.

Charges are Moderate

It is well to remember that a beautiful mortuary does not mean high prices, as this firm proves. With all the refinements and comforts to be found here, charges are never higher than the smallest incomes can easily afford. By including everything in one plainly marked price, we have made it possible for every family to make an appropriate selection without financial hardship.

Your Good HEALTH

By CLAUD N. CHRISMAN, M.D.

Bunions Will Cause You Much Pain, If Not Attended to

The bunion is another source of acute pain suffered not only by the foot but by the entire system. A well-developed bunion can be the cause of total disability because of the penetrating type of misery it produces.

DR. CHRISMAN

A bunion is more than just the swelling of the name would indicate. It is an inflammation and involves the sac, or bursa, of the joint which is designed to protect the joint of the big toe where it joins the foot. The same sort of trouble develops occasionally on the other side of the foot at the base of the small toe, but it appears so much more frequently in the former position that the large toe joint is often called the bunion joint.

Just as is the case with corns, the trouble may begin with a thickening of the skin, caused by shoes that are ill fitted. A large shoe that rubs can do the mischief as well as a shoe that is too tight and restricts the circulation. When the irritated tissue becomes inflamed we call it a bunion. Sometimes the trouble may become so serious that ulceration follows and even gangrene may result.

There is frequently a systematic reason for bunions. People who are afflicted with rheumatic joints and whose hinges are inclined to create are quite likely to develop bunions. At the first sign of tenderness, especially if the joint shows red and angry on being undressed, the foot should be soaked in fairly warm water and some soothing ointment applied. If there isn't opportunity for this, at least the shoes can be changed and the fresh one dusted with a foot powder that will relieve the friction.

A mixture of borax and soda with an equal quantity of cornstarch makes a very good and economical dusting powder. The system should be treated to a general cleaning out and some alkalizing treatment is probably needed. The saline waters are good if only to flush out the body. The point of inflammation must, of course, receive special attention. Paint with diluted iodine solution or with iodine and glycerine. Alternate treatment with a heating ointment as some skins are too sensitive to the iodine. Iodine, however, has such absorbent powers that it will stimulate the tissues and cause them away from the complaining bone.

An important thing to remember is that pressure must be relieved even if a portion of the shoe has to be cut away. There are now devices on the market made of thin strips of celluloid which are fitted to conform to the shape of the foot and are worn inside the shoes in order to keep the leather from pressing on the joint. If the trouble should reach the point where pus is formed, the condition must be cared for like any other festering sore. Friction and recovery would require hot applications, heating ointments held in place by bandages, and rest with the foot elevated.

If, as is the case with corns, there is a projection formed on the bone itself, it is likely to have to be relieved by resort to surgery. Many feet that are practically deformed so far as appearance goes, could be wonderfully improved by such an operation.

MODES AND MANNERS

QUESTION: "A bride remove her veil at a reception following the wedding ceremony?"—Betty.

ANSWER: It is customary for a bride to wear her veil at the reception. She removes it when she changes her costume for traveling.

QUESTION: "Is it correct to use slang?"—V. V. R.

ANSWER: Slang has its place in the American language. It is the idiom of our times. Yet there is a limit to its use in polite society. The common use of slang gives one a lowly, occasional use of slang expressions by one who speaks correctly lends color to language and charm. For young people, in particular, it is good advice to limit the use of slang in speech, lest the habit take root for all time and before they have had an opportunity to speak English correctly.

HAND LOTIONS ARE PRACTICAL BEAUTY AIDS

By JACQUELINE HUNT

There is one delightful and practical cosmetic that should hold a prominent place on the dressing table of every woman—a good creamy hand lotion. It lends itself to more uses than any other single preparation and it is so convenient! In the winter we had time to experiment, but with summer activities keeping us on the go from sunrise until late at night, we want something quick and dependable—something that will meet almost any need.

MISS HUNT

So—lotions to the rescue! Get one of the creamy almond or cucumber lotions and keep a big, big bottle of it on hand. There are dozens of brands, all slightly different in formula, but basically similar and equally good. Some have lemon added, which makes the lotion slightly bleaching in effect; others have other things which make them fragrant, cooling and delicious to look at and to use.

Of course, a good hand lotion is just what its name implies, something cool and magical and soothing to keep your hands white and velvety. But that is only the beginning. There are dozens of other purposes to which you can put a good lotion. Perhaps you would like to use it on your face to keep the skin fine and smooth. Many types of skins, especially those inclined to be a little bit oily, need only a hand lotion to keep them in good condition and to serve as a foundation for rouge and powder.

A good many of you are asking for suggestions for a "cool" summer make-up. A gentle tonic lotion or a hand lotion of the milky variety is the answer. They will leave your skin sufficiently moist and soft to make your rouge and powder adhere without that heavy, sticky feeling caused by the usual foundation preparations. Put on only a little rouge and select the finest lighted powder that you can use. Your face will not flush or perspire so easily and you will look much cooler than you would with a heavier make-up.

Use a lotion when you swim and play tennis with your hands bare. Smooth a plentiful quantity of the creamy liquid into your skin and then dust with powder before you go into the water or expose your skin to the sun, and you will be less likely to sunburn. If you do get sunburned, all of you are careless at times, apply the cooling lotion to your skin repeatedly until the pain has disappeared. The lotion will prevent the burn from turning into a blister, and will keep the skin soft and elastic.

When your feet are hot and swollen—and feet do not get half enough attention in the summer—give them a quick bath in warm water, then massage them with the soothing, cooling lotion. Use the hand lotion on your elbows, too, to keep them soft and presentable at all times—and when winter comes again, remember to use the lotion on your hands and limbs to prevent their becoming dry and scaly. Smooth lotion into your hands before you attempt delicate tasks like sewing fine fabrics or drawing on sheer hose.

If there are children in your family, you will find a good hand lotion a blessing. Use it on grimy, chapped little paws, sunburned faces and chafed legs when they come in from play and there will be less fuss when you resort to the soap and water scrubbing. Then, use it afterward to prevent the skin from smarting and becoming dry.

In addition to the creamy, soothing hand lotions, there are other lotions—some tonic in effect, others especially compounded to meet specific purposes. The hand lotions are most popular of all, however. Try them for cleansing when your skin is unusually grimy. Literally wash your face and hands in the lotion. Using fresh liquid as soon as that you are using shows soap. When the irritated skin feels soothed, finish the cleansing with tepid water and a bland soap. Then rinse and use a final application of the lotion. You will be surprised at the whiteness and softness of your skin.

The Amateur Milliner

When you put a hat you will save a lot of time if you put small stitches on the right side and long stitches on the wrong.

Starching Collars

If a stiff, smooth starch is wanted, add a little powdered borax to the starch.

Bathtub-Cleaning Easy

Don't forget that a few drops of other sassafras leaves applied to the rag used for cleaning the bathtub will cause it to vanish with little effort.

... SPEAKING OF STYLE ...

By H. H. V. L.

Copyright, 1933, by Fairchild.

The dinner dress at left is developed in two rose very shiny satin, with cool neckline and fullness at skirt front; the bodice is slashed at back with boned-in lines at neckline and waist.

The hostess gown of black velvet, on modified lines, is touched with a single row of rhinestones, marking the waistline and the center back of the skirt.

Tasty Dishes for Today

COOL DESSERTS FOR HOT DAYS

By JUDITH WILSON

AS SUMMER advances there are certain flavors that are more relished than others whether they make their appearance in dishes that are served hot or cold. Pineapple is an old standby that makes a choice summer salad or a hot or cold dessert. It also has the advantage of being easily and quickly prepared. Still newer—the season is just beginning—and more intriguing just now are blueberries or huckleberries. These choice, blue-skinned berries lend their intriguing flavor to all kinds of breads, cakes, pies and hot or cold desserts of all kinds.

Since the blueberry season is short you should get busy and give your family as many of them as they want. Begin with breakfast if you wish and serve them with cream and sugar as the first course or combine them into fragrant, crunchy muffins. At luncheon serve them as the hot course in an intriguing dessert with a cold meat platter or a salad and a hot drink. For dinner they are good in a luscious shortcake or a juicy cobbler pie with a hard sauce.

Blueberry Dumplings
To make the blueberry dumplings make a dough by sifting together two and one-half cups of flour, one teaspoon salt and one-half cup of flour, one teaspoon salt and three teaspoons baking powder then cutting in one-half cup shortening. If you like a sweet dumpling one to six tablespoons of sugar may be added. Beat an egg lightly and add to the flour to make a soft dough. Roll out thin and cover with washed and drained blueberries and sugar. Roll like a jelly roll and cut into pieces two inches thick. Place on end in a buttered pan, dot with butter and sprinkle sugar on top. Bake in a hot oven for fifteen or twenty minutes.

Serve the dumplings with a sauce made from one cup of brown sugar, two tablespoons flour, one-half teaspoon salt, one tablespoon lemon juice and one cup of water cooked until thickened over hot water. Serve warm.

Blueberry Pie
And here's a blueberry pie that the men of your family will like. Butter your prettiest glass or pottery baking dish and cover the bottom with two or three cups of blueberries. Sprinkle with five tablespoons sugar. Next add together one cup flour, one-half teaspoon salt and one-half cup sugar. Combine one well beaten egg with one-fourth cup milk, one-half teaspoon vanilla and two teaspoons melted but-

MENUS

Luncheons

Molded Chicken and Asparagus

Loaf with Lettuce Hearts and Radish Garnish

Mayonnaise Buttered Rolls

Hot Blueberry Dumplings with Lemon-Caramel Sauce

Coffee

Tomato Souffle

Caraway Crackers

Salad of Mixed Salads Greens with French Dressing

Baked Cheese Rells

Fruit Sherbet Layer Cake

Iced Tea or Coffee

Turn the liquid into the dry ingredients, mixing just enough to combine. Spread the batter evenly over the blueberries and bake in a moderate oven, until the batter is well done—about forty minutes. Serve as it comes from the oven on the baking dish or turn the pie upside down on a serving platter. Serve with cream or hard sauce. This recipe will serve six.

Do not let the sink get stained. Rinse it as they occur.

Enlighten the Child

A child fears what he does not understand. In his climb upward from babyhood to manhood, he is repeating the history of the race. He is all emotion and imagination, superstitious and afraid, hence, of the unknown. To his immature mind many things are unknowable as yet, because beyond the scope of his experience and grasp. To us it may seem far-fetched that he should imagine that hobgoblins lurk in the dark. But to him it may be a terrible reality.

Laugh at a child's fear and he will laugh too, but nervously. In his present state he will try anything. He follows our example because it presents a way out, and though he knows he is far from being comforted. Sometimes, however, the trick works and his mind is distracted from the moment from the thing feared. But it does not teach him to be unafraid. At the root of his difficulty is an elemental fear of some mysterious phenomenon. Explain it away, therefore, if you would cure him. Give him facts and proof. Give him light.

Help Needed

Laughing at a child's fears tends to make him ashamed of being afraid and he will keep it to himself. No child likes to be laughed at. By hiding fear from us he deprives us of a chance to help him overcome it.

Children too young to be reasoned with need to be dealt with carefully when a fear complex develops. Pleasant associations with the thing feared often will do the trick. Put a lollypop on the windowsill of a dark room and he will forget the dark as he goes to fetch it. Give him a stick of candy when the dog is introduced into the room, and he scarcely will notice the dog.

He follows our example because it presents a way out, and though he knows he is far from being comforted. Sometimes, however, the trick works and his mind is distracted from the moment from the thing feared. But it does not teach him to be unafraid. At the root of his difficulty is an elemental fear of some mysterious phenomenon. Explain it away, therefore, if you would cure him. Give him facts and proof. Give him light.

Help Needed

Laughing at a child's fears tends to make him ashamed of being afraid and he will keep it to himself. No child likes to be laughed at. By hiding fear from us he deprives us of a chance to help him overcome it.

Children too young to be reasoned with need to be dealt with carefully when a fear complex develops. Pleasant associations with the thing feared often will do the trick. Put a lollypop on the windowsill of a dark room and he will forget the dark as he goes to fetch it. Give him a stick of candy when the dog is introduced into the room, and he scarcely will notice the dog.

Enlighten the Child

A child fears what he does not understand. In his climb upward from babyhood to manhood, he is repeating the history of the race. He is all emotion and imagination, superstitious and afraid, hence, of the unknown. To his immature mind many things are unknowable as yet, because beyond the scope of his experience and grasp. To us it may seem far-fetched that he should imagine that hobgoblins lurk in the dark. But to him it may be a terrible reality.

Laugh at a child's fear and he will laugh too, but nervously. In his present state he will try anything. He follows our example because it presents a way out, and though he knows he is far from being comforted. Sometimes, however, the trick works and his mind is distracted from the moment from the thing feared. But it does not teach him to be unafraid. At the root of his difficulty is an elemental fear of some mysterious phenomenon. Explain it away, therefore, if you would cure him. Give him facts and proof. Give him light.
